MOVE CONTROL

Compact

- **Our most powerful MoveControl**
- State-of-the-art technology
- Fully automatic
- SOFTSTART and SOFTSTOP for highly accurate smooth manoeuvring and jolt free start up on almost every surface
- **SAFETY CONTROL** function makes for a safe stop on incline, automatically protecting your caravan and manoeuvring drive from overload. When pivoting in position the SAFETY CONTROL function offers additional safety through it two-handed operation.
- Aluminium drive rollers with patent pending surface
- The smoothest drive concept for tyres and battery
- Individual switch-off of each drive unit with optimum engagement pressure
- Galvanised steel frame
- Compact design - narrow fitting depth
- One single remote for all functions

Weight: approx 33 kgs

Total Trailer Weight: 2,000 kg

Total Tandem Weight: 3,000 kg

Climbing power at 1,200 kg: 30%

Remote: RC2

Horizontal engagement operation - automatic

Motor Drive: standard

Made in Germany

5 Year
Warranty*

ACCESSORIES

MPP – Mobility Power Pack (replacing battery and charger)

- Battery type Li-ion (LiFeO₄, capacity 8.8 Ah, stored energy 113 Ah)
- Output voltage 12 V nominal (14.6 max.), permanent load 80 A
- Solar panel and fuel cell may be connected up to 3A max.
- 230 V 1 A power pack, weight approx. 2.0 kg
- Safety functions (against overload, discharging, surge voltage incl. short-circuit)

Item no. 526-2080

Impuls R10 Charger

- Fully automatic charger for AGM, gel and acid batteries
- May also be used as a 12 V power pack
- Micro controller, charging acc. To IUoU curve
- Max. charging current 10A max. charging voltage 14.4 V
- No fan, TÜV and GS certified, weight approx. 1.3 kg

Item no. 526-2050

Energy Set I

For all manoeuvring drives, consisting of:

- Battery capacity: 80 Ah (K100) / 70 Ah (K20)
- Charger Impuls R10 with micro controller

Item no. 526-0060

Energy Set II (for heavy tandem axle vehicles)

Like Set I, but with

- AGM battery capacity: 110 Ah (K100) / 95 Ah (K20)

Item no. 526-0062

Double Jockey wheel kit

- Dual jack wheel kit
- For easy and safe manoeuvring on all surfaces
- Protecting the drive against wear and tear

Item no. 537-1000

**Europe wide
service network for
peace of mind**

**TLC – Towbar
Load Control**

**CWC – Caravan
Weight Control**
